

## Malpractice Policy [Version 5]

### Scope

Breeze's is committed to pursuing the highest standards of probity and the elimination of malpractice and maladministration in the management of our organisation and in the delivery of qualifications. Breeze's aims to promote accountability and a climate of openness, to encourage the disclosure of allegations of malpractice and maladministration.

We operate in accordance with all relevant legislation, awarding organisational conditions and policies, procedure and related guidance arrangements. In doing so, we are able to prevent, mitigate or effectively manage the occurrence of any alleged malpractice or maladministration.

This policy therefore applies to all personnel, learners and any relevant third parties individuals involved with Breeze's. Arrangements are in place to ensure all individuals have a safe, ethical and accessible environment in which to fulfil their role within the organisation. Where this is compromised, this policy ensures a safe and accessible procedure for reporting allegations of malpractice or maladministration in a confidential manner. As a result, Breeze's takes appropriate steps to ensure that individuals reporting allegations are not penalized, are protected and that individuals accused are also protected against false, malicious or anonymous accusations.

Breeze's is keen to encourage personnel, learners and any relevant third party to report allegations without fear and will ensure that any disclosure is treated with the utmost confidentiality. Anonymous allegations will only be considered if they are of a serious nature and the evidence is sufficient to warrant an investigation and for appropriate action to be taken. All allegations will be recorded and submitted to the awarding organisation for investigation.

In the deployment of this policy all personnel, learners and any relevant third parties are required to report any allegation of malpractice or maladministration. Cases of malpractice being withheld or confirmed may result in the imposition of sanctions, penalties or disciplinary procedures on personnel and on learners.

It is ultimately the responsibility of Michaela Breeze, head of courses, to ensure that this policy is implemented, published and accessible to all personnel, learners and any relevant third parties. However, the Qualification Coordinators (QCs) specific to each qualification are responsible for ensuring this information is fully understood by their qualification team and by learners who commence courses/programmes in their area.
